Hi Carl,
I can do Friday morning though I'll be on my way to Sacramento for a 111(d) meeting. Would you give me a window of time and I'll tell you tomorrow what would work? I'm still nailing down my logistics for that morning. Thanks.
Debbie

Tom and Debbie

Are you available for a short call on Friday morning so I can update you both on where we are at in our final recommendations for WY's RH action? We have a briefing scheduled with Janet on 12/2 and I wanted to touch base with you both on the modeling issues we talked about Baltimore - pre shutdown. Sometime late Thursday may work also if Friday doesn't work.

Hope you are both well.
